BIRTHDAY PARTIES at SAN ELIJO LAGOON

BIRTHDAY PARTIES DOWN TO A SCIENCE!

Let the County Parks staff at the San Elijo Lagoon Nature Center help you celebrate your child's special day in a fun and educational atmosphere!

Built to suit the interests of your child, we offer several popular party themes, with each one designed to be entertaining for your child and their friends, yet easy and stress-free for parents. All you will need to bring is cake and ice cream.

Our platinum-certified "green" building offers a beautiful, eco-friendly backdrop for a nature-themed party that all of your guests are sure to enjoy including our interactive exhibit area and kid-friendly loop trail.

BIRTHDAY PARTY PACKAGE THEMES FOR CHILDREN AGES 3–12

REPTILES AND AMPHIBIANS THEME

Is your budding naturalist crazy about all things scaly, slimy or slithering? Our park staff will introduce your crowd of inquisitive kids to the fascinating world of reptiles and amphibians and leave them wanting to learn more!

CREEPY CRAWLERS THEME

Whether it's a praying mantis, millipede or tarantula, children are fascinated by the wide array of insects, spiders and other bugs. Children will have the chance to see them up close and personal through special magnifiers and even experience "insect vision" with clever praying mantis masks!

BIRDS OF A FEATHER THEME

What better place to learn about our feathered friends than here, where over 300 different species have been seen each year. Children will learn how different adaptations help birds swim, soar, hunt and more!

PRETTY PETALS AND FLUTTERING BUTTERFLIES THEME

Does your little one love to stop and smell the flowers or admire the beauty of butterflies? This theme focuses on the beautiful rainbow of colors offered by native flowers along our loop trail. Children will also get a glimpse into the world of butterflies and ladybugs with stories and hands-on models about these beneficial insects!

ANIMAL EXPLORATIONS AND ADAPTATIONS THEME

Many different types of animals call the lagoon home including mammals, insects and everything in between. Children will learn a little about each group of animals and how they are adapted to this habitat. Children will also learn how to identify some of their tracks when out and about on hikes and walks.

THINGS TO REMEMBER

- Birthday party package reservations must be made at least 30-days in advance.
- For the protection of the lagoon's wildlife, balloons are NOT permitted.
- A required ratio of 1 adult to 5 children.
- A sink, microwave and refrigerator are available for your convenience.

For more information on each package, please ask to view our **birthday party package binder** at the Nature Center.
